

Public Notice

The Sanbornton Highway Department reminds residents that the annual vehicle weight restriction postings (road bans) are in effect, causing potential disruption in services requiring heavy vehicles including, but not limited to; timber hauling, trash removal and building construction. Please plan accordingly as these service vehicles will not be permitted on posted Town roads. We are diligent in trying to protect our roads this time of year when the road base is very soft and they are most vulnerable. Thank you for your cooperation.
